

Anti-tipping

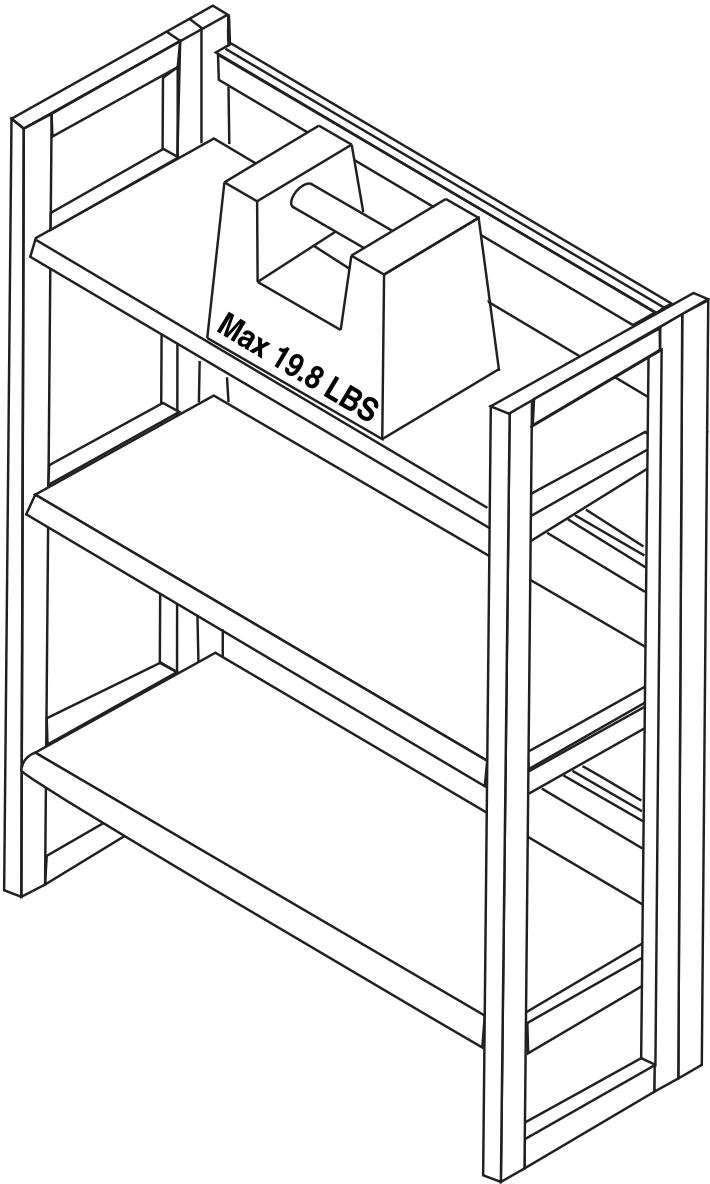

Wall Attachment

1. Attach 2 wall brackets to the top of back crossbar by using 4 screws P6 x 1/2" as per detail "A"
2. With the assistance of another adult, place the unit against the wall and mark position on the wall, approximately 1 1/4" below the wall bracket mounted to the back of the unit. Move the unit out of the workspace.
3. Attach wall bracket to wall with 4 screws P6 x1 1/4" by screwing into wall stud or using wall anchor as needed as per detail "B"
4. Place the unit back into position against the wall. Lace one end of the wall strap through both brackets, and into the other end of the strap.
